

2008-2009 Safe Places

In partnership with local youth serving and neighborhood agencies, Safe Places offer before and after school educational, recreational, and social activities for youth at elementary and K-8 MPS locations. Under the direction of trained staff from these agency partners, Safe Places provide youth with opportunities to get help with homework, engage in educational and social enrichment activities, and play in safe environments away from unwanted influences. Safe Places also support families through opportunities for family involvement in various activities and social events. A nominal program fee is charged. Financial assistance may be available for eligible families.

Contact any of the locations listed here for more information and get your child involved today.
